State Aid form for completion by Applicant to Making Enterprise Happen

Applicant name:

NOTE: De minimis aid cannot be applied in following sectors: production of agricultural products, fisheries and aquaculture. Also, limit for aid in road transport sector is 100,000 euros (as opposed to 200,000 euros).

There are European community rules governing the State Aid that individual member states may give to businesses. Any assistance given under this scheme will be given under a part of the state aid rules, known as de minimis, which effectively permits undertakings to receive up to 200,000 Euros (in aggregate from any public source(s)) in any three year rolling period. The legal framework for such de minimis aid is set out in the Commission Regulation on the application of Articles 87 and 88 of the Treaty to de minimis aid (1998/2006/EC).

If your business has received any other de minimis State Aid in this period this could have an effect on the grant/loan package you are applying for. You should note that the value of the aid that you are considered to receive under the state aid rules will not equal the amount of the loan or guarantee itself but is calculated according to a formula that takes into account a number of factors (interest charged etc). If your application is successful, we will advise you of the amount of de minimis aid that you will be considered to receive.

Please complete the table on the following page listing any other de minimis State Aid received by your business in the past three years (or pending) and sign the declaration below. We will then be able to check the State Aid position as part of the application assessment process. You can find comprehensive information about State Aid and how it may affect your business on the State Aid Scotland website (www.stateaidscotland.gov.uk).

Declaration

I understand that my application for a grant/loan package from Resilient Scotland Ltd is governed by the European Community rules on State Aid and if successful, will be made under the de minimis rules (set out in Commission Regulation 1998/2006 EC). I confirm that I have listed here the total amount of all forms of de minimis aid received by my business in the past three years, or currently pending, and I acknowledge that Resilient Scotland Ltd will use this information to determine whether or not my application meets the State Aid rules.
